

ConstructionSkills Site Supervisors' Safety Training Scheme Refresher (SSSTR)

The refresher course is for delegates who have previously passed the two day Site Supervisor's Safety Training Scheme course and can provide proof of successful attendance. It aims to bring health and safety knowledge up to date, as well as giving a thorough overview of the legislative changes and their impact in the workplace. The course includes a wide range of topics which have been affected by the changes to procedures built upon the material in the original course.

Aims and objectives

The refresher course aims to:

- Raise awareness of current trends within the Health and Safety Executive direction of enforcement
- Improve awareness of recent development in construction, legislation and health and safety, welfare and environmental issues
- Identify measures that will assist the practical implementation of responsibilities established by new legislation and working practices.

At the end of the period of training, delegates will be able to:

- Be aware of, and able to implement all updated health, safety, welfare and environmental legislation which affects them in their role as a supervisor
- Be aware of and able to implement new guidance and industry best practice affected by changes
- Be more aware of their duties and responsibilities with regard to health, safety, welfare and the environment.
